Garden Club Raps Traffic Hazard Created by Corner-lot Shrubbery

"Conserve plants and shrubs, but not at the cost of a life" was a portion of an important address given by Mrs. Walter Hava at the meeting of the Bay-Waveland Garden Club.

Mrs. Hava pointed out that many bushes and plants on corners of lots obstruct the view of motorists and pedestrians.

Persons whose homes have such plants should part with them, she declared, even though it may be hard to do, as an accident, with possible loss of life, resulting from such an obstruction would be far harder to bear.

Mrs. Max Kohler, who was hostess to the group at her home Thursday afternoon, reported on the unsightly condition in the middle of town where a scrap iron business overflows onto Hancock St.

A special committee from the Garden Club reported this condition to the city council, and received assurance that the mat-

KILN CAGERS RECEIVE BID TO PLAY SPRINGFIELD, MO. TEAM

News of the prowess of the Kiln Wildcat basketball team has traveled as far as Missouri, where the Wildcats also will travel the second week in February.

Monday night Coach L. C. Ladner of the Kiln cagers received a telephone call from Coach Adams of the Springfield, Mo. high school, extending an invitation to Ladner's varsity boys to meet Springfield High.

Adams wanted the date set for this week, but the Wildcats already were engaged for their regularly scheduled games Wednesday and Thursday nights and for the Lyman Tournament lasting through Saturday. So the February date was agreed upon instead.

Kiln, who last year graduated to the quarterfinals of the South Mississippi BB Tournament, has a 14-win, 3-loss record and holds

first place laurels from the Neil, Kiln and Carriere Tournaments. Tomorrow night they will participate in the quarterfinals of the Lyman Tournament, largest all-star game.

Kiln's only setbacks were a double-defeat at the hands of Johnson Station and a loss to Osyka. Both Johnson Station and Osyka were in the quarterfinals of the South Mississippi BB Tournament last year, and rated among the top six teams in Mississippi.

Coach Adams offered Kiln an all expense paid trip to Missouri for the engagement with his quintet. Springfield, a city of 66,000, is approximately 80 miles from Bay St. Louis.

The Kiln coach expressed gratitude at the invitation and said that it is something the boys will appreciate and remember a long time.

Bay High, another top contender, also suffered a surprise jolt when Dedeaux stopped them 50-47 in a Thursday night collision. The Tigers trailed throughout the first half, but tied the score 37-37 in the third period. However, Dedeaux again took the lead, but a Tiger rally fell short in the final 8 seconds when Bay missed 4 free shots which could have spelled victory.

St. Stanislaus was dropped in their first game 55-38 by the Ocean Springs Greyhounds, who in turn were stopped by Dedeaux. St. Joseph Academy defeated the winless Ocean Springs sextet 46-26 with Carolyn Ladner scoring 21 points, but the Gold boys met a 55-42 setback by Bay High in the semi-finals. In that tilt Carolyn Ladner, again led SJA, with 18 tallies, but Rosemary Millinery's 37 points were the big difference.

The fifth of five Hancock County schools in the tournament, the Dedeaux girls, lost a first round contest 42-39 to Pass High. Janice Malley took the game's scoring honors for Dedeaux by pouring in 25 points, but the 36-point one-two punching of Cuevas and Harrison for Pass High was the deciding factor.

Seventeen teams participated in the tournament.

Coach Jack Holloway presented trophies to Dedeaux and Bay High for being the victors and to Long Beach and Pass High for gaining the runner-up position.

 The Maroon Tide handed the St. Stanislaus Rockers their fifth title in a series of games when the Tide trounced the Rocks 51-32 in the feature tilt of a twin bill played at the Picayune gymnasium Tuesday night. In a "p" contest St. Stanislaus quelled the Tide 27-22.

The Maroon Tide held a 12-8 lead going into the second frame, and had increased it to 28-18 by halftime. Stanislaus trailed 40-27 going into the final quarter and failed to get a rally started as the Tide held them to a 5 point fourth period.

P. W. Polk was the captain in Picayunes scoring as he dropped in 16 markers. Harry Ker-shaw led SSC in scoring, accounting for 11 points.

St. Stanislaus played without the services of two starting players, Louis Ladner and Corky Wittmann.

Berch Wilbert hit the cords for 13 points in leading the Junior Rocks to a victory in the "B" tilt. Leading 7-8 going into the second period the Rocks hit for only one field goal, but that was enough to maintain their lead as the Picayune juniors were held scoreless.

SSC still held only a two point lead, 18-16, going into the fourth quarter, but the Rocks netted 9 points to Picayune's six to take the encounter 27-22.

In a reverse contest, the Moss Point Tigers went all out to slaughter the St. Stanislaus Rockers 61-27 for a new Tiger scoring record. To complete the sweep of a twin bill played on the Moss Point court Tuesday night, Jan. 11, the Moss Point Bees defeated the St. Stanislaus B squad 49-43 in a preliminary game.

Earlier in the season the Rocks edged the Big Eight eagles 52-50, but SSC found no mercy on the part of the Tigers. Starting off by sinking the first 7 points scored in the game, the Tigers vaulted to a 28-10 first quarter advantage and continued to widen the gap. Halftime found Moss Point in possession of a 47-18 lead, and by the close of the third canto they had lengthened their lead to 63-33.

Although Moss Point committed 25 personal fouls compared to 19 for St. Stanislaus, the Tigers made good on 68 per cent of their free throws and swished through 40 per cent of their field goal attempts in setting the school mark.

Tiger coach Mallet reported that it was the best team effort put together by Moss Point in his six years at that school.

Louis Ladner led the Rockers scoring department with 13 markers while Wyllis Rhodes netted 9 points. Johnny Rogers led the Tigers with 22 tallies.

In the B team affair Moss Point grabbed a 49-43 decision with a Tiger trio collecting 39 points. Giblaint was high for the Rocks with 19.

The team of W. J. Cameron and Byron Ladner, called the Tigerettes, were the only team to shoot and score. Cameron's smooth shooting and Ladner's accurate work, capped by a display of sharp passing, proved a headache to High, Ocean Springs and Long Beach.

In the finals, Dedeaux entered the tilt with Long Beach with a game plan of power and an unending defense. Play by play, Dedeaux increased their lead and Ladner's 45-footer at the end of the third frame gave them a 28-point margin. Later in the fourth set, the space was used to 32 markers.

Others scoring over 20 points in a game were Donald Cole of BHS who went for 22, Janice Malley of Dedeaux who hit for 25 markers, Carolyn Ladner who scored 21 for SJA, Barbara Parmer who made 32 for Long Beach, and Ruby Jo Lively and Mary

Orange Grove will now be aiming for the title of the Lyman Tournament, which Kiln has entered.

Veni Vena Vici is seemingly the team motto for the Kiln Wildcats, for Coach L. C. Ladner's cagers have already collected three tournament trophies, and are on the threshold of winning the Lyman trophy.

If Kiln comes out on top of this tournament they can truly wear the laurel wreath. The Wildcats will have to meet Orange Grove if they are to find a spot in the finals, and there they might find the "dark horses" of Dedeaux. And don't forget that the Green Wave of Sellers is in this five day affair. It is a sure bet that they won't.

The Agricola girls, who are undefeated and rate third in the state, just barely edged past the Lumberton sextet, 39-38, in an overtime victory in the finals of the Wiggins cage tournament. Brooklyn AHS, a DeSoto Conference team, downed Perkinson AHS 69-49 to win the boys division.

Stanislaus, SJA to meet Pass tomorrow

McNeil (43)

St. Stanislaus gets a revenge shot at the Pass Christian Pirates tomorrow night when the Rockchaws host the Pirates.

Earlier this month the Pass High squad handed St. Stanislaus a 73-32 setback. But in that tilt it was the 35 points of Pirate Leroy Wesovich that was a major factor, and it is tentative as to whether Wesovich will see action in the game tomorrow as he is sidelined with an injury.

But St. Stanislaus is having its share of injuries, too, and forward Louis Ladner also might be unable to play. Ladner suffered a sprained ankle in the Rock's tilt with Ocean Springs last week and was unable to play in Tuesday's game with the Picyune Maroon Tide.

In all games the Rockchaws have a 2-3 record. St. Joseph Academy, who suffered a one point defeat by the Pirates, 34-33, will meet the Pass High sextet in a girls contest.

Probable starting lineup for the boys' game:

Pos.	SSC	PCHS
F	Kershaw	Necaise
F	Wittmann	Scarborough
C	Schexnayder	Wescovich
G	Rhodes	Scoper
G	Vetter	Stegenga

The Bay High School authorities

McNeil (43)

recently have been notified by the Accrediting Committee for the Association of Secondary Schools and Colleges that the Bay St. Louis High School has been fully approved as a member of the Southern Association for the school year 1954-55.

The Southern Association is the highest accrediting agency in the South and it is an honor to high schools to be members of this association. Only 90 of the some 500 high schools in Mississippi hold membership in the Southern Association.

This accreditation is in addition to being accredited by the

Both public schools for the white and colored are offering the use of their gymnasiums for contests for the benefit of this worthy cause. The results of the drive will be given at a later date.

JACKSON TO SEE CHANGES DURING '55

McNeil (43)

An extensive construction activity which promises to give a new look to Jackson's skyline got under way in 1954 as Mississippi's capital city continued its expansion along industrial and other fields.

The new Mississippi Medical School and Teaching hospital will be opened in 1955. The institution will house a four-year medical school and a 300-bed teaching hospital.

Two large industries which started operations in Jackson in 1954 will not reach their normal employee operating level until 1955. The Century Manufacturing Co. which makes pressure cookers and Swift & Co. completed a beef plant at Jackson in late 1954.

A GOOD SIGN FOR MISSISSIPPI

NEW \$10 MILLION OIL REFINERY

A substantial new industry for Mississippi has resulted from a team effort in which Governor Hugh White, members of the Mississippi Agricultural and Industrial Board and officials of the Gulf Refining Company participated.

Construction of an oil refinery to be operated by Pontiac Eastern Corporation will begin during 1955 in south-central Mississippi. The processing plant will cost more than \$10,000,000, will be capable of processing 12,000 barrels of crude oil per day, will employ 150 people, will bring into the state new payrolls and purchases amounting to more than \$1,000,000 annually.

The key factor in locating this new industry in Mississippi was Gulf's ability to supply crude oil in quantities sufficient to assure the economically sound operation of a refinery, and its willingness to purchase the greater part of the plant's refined products.

Before refineries are feasible, large reserves of crude oil must be found, high-volume production established and markets for the refined products made available.

Gulf has spent more than \$120,000,000 in 37 years of pioneering the search for such reserves in Mississippi. Gulf's success in establishing Mississippi oil production and in looking of extensive marketing facilities in this and adjoining states over many years, made possible the location of the \$10,000,000 refinery in Mississippi.

Gulf is glad it could help bring about this significant industrial development, glad that the company's payrolls, royalties, lease rentals, transportation and other expenditures played a part in the expansion of Mississippi's general economy over the years.

Gulf's activities and expenditures will continue to be important factors in Mississippi's progress, as the company diligently pursues the discovery, production and marketing of Mississippi's natural resources.

Where does it take the most to provide telephone service?

When you stop to think of it, you realize that it takes more cable, poles, wire and other materials to add a telephone in a sparsely settled area than it does in a thickly settled one. And it takes more employees to maintain and operate a telephone system where customers are widely scattered.

So you see that providing telephone service in Mississippi where we have only 6.7 telephones to the square mile is an expensive job. This has always been the case, but today's

inflated prices on everything needed to build, operate and maintain our system makes it even more expensive than ever.

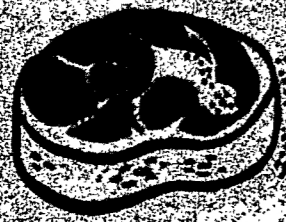

On the credit side, however, Mississippi offers room for growth. Industrialists realize it—to they're moving in. Southern Bell folks know it, too. We like to think of ourselves as partners in progress with all Mississippians. Old and new. Our telephone expansion in the sparsely settled areas of Mississippi is mighty expensive.
